Thanks Darcy. I have attached an updated visual timeline that we can use as a reference for our meeting tomorrow.

Here are some additional items Valois and I believe need to be in place before public noticing these permits:

Thanks,

I received an update from Natasha on the trip to OST last week and want to follow up with the group. Based on the discussion with the committee and the President, it appears that the Tribe is not pursuing formal consultation until after the draft permits are issued.

# Ex. 5 AC/DP

I'm probably missing several things, but I wanted to get the ball rolling and everyone thinking about how we can get these drafts out to the public in a timely fashion. Douglas/Valois - Please work with Debra to get a briefing scheduled for Bert and me as soon as is feasible, hopefully next week.

Thanks!
